**Commitment to Excellence**

## PCB Design

Visvam Technologies provides a total solution to Printed Circuit Board. We are highly experienced designers for Digital, Analog, Mixed Signal, and RF boards. We offer PCB Design, with high quality service to Level A, B and C Designs to all over the world. At very competitive prices with High Quality Service and a Short turnaround time will be the essence of our participation with your Valuable Concern.

### PCB Design services:

- Design of high speed digital, analog and mixed-signal boards
- Design of ATE chip test interface boards probe cards and DUT boards
- All type of Prototype Boards
- Library Development
- PCB Cam and Assembly services
- Design migration from one EDA platform to another

#### USA

2811 La Frontera Blvd, Apt # 2711  
Austin, TX 78728 Phone: (512) 229-0130  
email: [Sales@visvamtechnologies.com](mailto:Sales@visvamtechnologies.com)

#### INDIA

32A, 2nd St, Jayaprakash Nagar  
Ganapathy, Coimbatore- 641006  
Phone: +91 422-2333741

# visvAM

**Commitment to Excellence**

## **Our Skills:**

- Well experience in all latest EDA tools
- Single, double, and multi-layer boards
- High Density SMD/Through-hole designs
- Buried and Blind via technology
- Controlled impedance board design
- Designing to the latest standards for DFM, DFT
- Design of backplanes, motherboards and Daughter cards
- Micro via and Via less routing, constraint driven placement and routing
- Manual routing of critical traces and auto routing
- SMD with latest technologies like PLCC, PGA, BGA, PBGA, uBGA
- Close coupling of Differential pair with edge coupling and broad side coupling
- Design accordance with industry IPC standards
